Live Review: John Wort Hannam

On a random night last night, a few of us from the brewery decided to stop into the *Cameron House* to check out some sets. As part of the *Toronto City Roots Series*, we were lucky enough to catch **John Wort Hannam**.

John played the back room at the *Cameron House* for an intimate and captivated crowd. Listening to John play songs such as *Wrecking Ball*, *Infantryman*, and *Sweet Sweet Rose* it is no wonder he is one of Canada's most promising folk musicians.
